

Gateway International Festival March 8, 5:30pm - 8:30pm

Thank you so much for your interest in the second annual Gateway International Festival! This will be a wonderful time of sharing and celebrating our diverse Gateway community.

Exhibits are an opportunity to showcase a country or a community group. This is a good place to share information about the country, display cultural artifacts (clothing, art, musical instruments, etc.), and/or provide samples of food. Feel free to be as creative as you would like to be. Please keep in mind that your space will consist of one table (8'x 2.5'). If multiple people sign up for a country, we will ask you to collaborate so that we can have enough space for all the families that are interested in participating.

For further questions, please email gatewayift@gmail.com

What we will provide:

- One 8'x2.5' table
- One plastic table cover (feel free to bring your own table cover if it better suits your display)
- One trifold board (if you participated in last year's exhibit hall, you are welcome to reuse your board)

The following are the basic guidelines for exhibits:

- Use your trifold board to display information about your country, including: a map of the country, picture of the flag, language(s) spoken, a brief history, and type of government.
- Food samples: This is strictly optional, but if offered, please keep these to small bite-sized portions. Also, please write down and display the ingredients of the food item so that people with food allergies and sensitivities can be aware of potential allergens before consuming.
- Set up will be at 4:30pm.
- We have minimal outlets. If you plan to bring anything that needs to be plugged in, please let us know as soon as possible so that we can plan accordingly.
